

## **Policy Officer (0.4 fte)**

### **Mt Lofty Ranges Southern Emu Wren & Fleurieu Peninsula Swamp Recovery Program**

The Conservation Council of SA is a non-government peak body for the environment and conservation sector.

We are seeking a dynamic Policy Officer to work within our Mount Lofty Ranges Southern Emu-wren (MLRSEW) and Fleurieu Peninsula Swamps (FPS) Recovery Program, with a specific focus on native vegetation and wetland issues.

The successful applicant for this role will:

- Seek opportunities to advise and influence legislation, policy decisions, planning processes and development assessments
- Develop policy positions on issues with direct relevance to the Recovery Program
- Effectively communicate the outcomes of policy development
- Develop and maintain relationships with relevant Recovery Program partners, collaborators, stakeholders, agencies and experts
- Prepare briefs, reports, submissions and articles for publication

It will be expected that applicants have a degree in environmental management, policy, planning or equivalent experience, can demonstrate a relevant work history in policy and advocacy and have an understanding of South Australian and Commonwealth natural resource management regulatory and policy frameworks.

This exciting opportunity will appeal to a self-managed professional with excellent communication and relationship skills, who is motivated by the prospect of being a part of a successful, effective team to achieve landscape scale conservation outcomes.

The position is available to Australian residents, those who hold valid working visas or permits.

**Applications must address the job and person specifications and will be accepted up until COB on Friday 27<sup>th</sup> January, 2012.**

**Applications should be addressed as 'confidential' to:**
