Mudgegong Vic 3757

Dear Coral

**Response to the Australian Framework for Landcare Discussion Paper**

Please accept this response to the Australian Framework for Landcare Discussion Paper from The Conservation Council of South Australia Inc (ConservationSA).

ConservationSA is the peak conservation body for South Australia, representing over 55 of the State's environment and conservation organisations. ConservationSA is an independent non-profit, non party-political, community based organisation that provides resources, advice and representation for the SA environment movement, and leads many of the key conservation campaigns in SA.

ConservationSA is known for its success in developing long term community development, education, and on-ground environmental restoration programs. ConservationSA regularly liaises with Local, State and Federal Governments, Government agencies, media, educational institutions, NGOs, unions, industry, business and other groups on matters relating to the environment and social justice.

Conservation SA would like to thank DAFF and the National Landcare Facilitator Program for the opportunity to comment on the Australian Landcare Framework discussion paper and trust that the attached comments will be duly considered.

Yours sincerely,

Julie Pettett  
CEO
